LY PHANITH

VIDEO EDITOR · MOTION ARTIST · IT SUPPORT

ABOUT ME

Motivated Management Information Systems student at SETEC Institute with one year of hands-on experience as IT Room Support and a strong passion for video editing, motion graphics and 3D animation. I keep computer labs running smoothly, solve problems quickly and bring the same attention to detail to every edit. I am seeking a role where I can contribute reliable technical support and creative visual skills to a dynamic team.

EXPERIENCE

IT Room Support — 1 Year

SETEC Institute · Phnom Penh

- Set up, maintained and repaired computers and equipment in the IT rooms.
- Troubleshot hardware, software and network issues for students and lecturers.
- Installed and updated operating systems and software before classes and exams.
- Kept equipment organized and ensured smooth daily IT room operations.

Video Editing, Motion & 3D Projects — Portfolio

Personal projects · phanithly-ly.github.io

- Blender: 3D product films for the Mercedes-AMG GT R and a skincare brand.
- After Effects: motion pieces for BMW, ABA Bank and Chinese New Year 2026.
- Story-driven editing with pacing, color grading and sound design.

IT Projects & Assignments — 2023 – Present

SETEC Institute · Phnom Penh

Worked on many IT projects and assignments, gaining experience in computer support, troubleshooting, networking and teamwork.
